On Care for our  
Common Home

# THE FRANCIS EFFECT II

*Laudato Si'*

*"I urgently appeal... for a new dialogue about how  
we are shaping the future of our planet."*

*Laudato Si' 14, Pope Francis*

The environmental crisis has been considered as 'the greatest moral challenge of our time' and the Australian Church has great capacity to respond and act to protect our Common Home, to achieve a global ecological conversion, to heal damage done and build harmony between our Creator, humanity and creation (LS66).

**Catholic Mission** in collaboration with the **Catholic Diocese of Maitland-Newcastle** invites you to a dialogue on how to incorporate **Pope Francis'** vision and challenge into our everyday life. This colloquium will assist participants to explore this vision, offering inspiration and practical ideas for caring for our Common Home – in our lives, at work, in our parishes and our communities.
